Following is the Netball and Soccer draw and some brief information about the competition so schools can organise their teams, notes and buses.

We have fourteen schools participating in a 13 round competition running during Term 2 and Term 3. Each team will play each other once in the rounds (see draw). Due to the number of teams there will be no byes. We have potentially two spare rounds this year to catch up washed out rounds. As per last year, if some venues are closed and others open on any particular week we will try to play those matches and then attempt to catch up other matches during the season. If a full round is not completed, the points for that round will not be counted. Please ensure your permission notes indicate all possible venues.

We have several venues for 2021. Please ensure that you read the draw carefully so that the correct arrangements are made for your school. Some venues only have soccer fields and will require students to be dropped off at the soccer field first before taking the netballers to their venue.
