# This Week's Update

Dear Parents and Caregivers,

Thank you for a great term! If you are looking for something to do with your children in the holidays here are nine easy discussion starters for parents of the APP Generation:

## 1. Name and Notice Thinking

Use the language of thinking to name and notice the thinking your child is using and thus make it more visible. *I like how you have used what you already know to make connections. That's a perspective I hadn't thought about.*

## 2. Develop a Growth Mindset

Develop a growth mindset in your child by focusing your praise on process, learning, and effort (*You really worked hard on this and have learned a lot. You've really developed as a musician.*), as opposed to ability (*You're so clever. You're good at maths.*)

## 3. Challenge but Don't Rescue

When your child encounters difficulties, don't jump in to solve the problem and rescue him/her. Instead, ask questions that will help him/her to think through the problem, identify, and choose a course of action to moving forward.

## 4. What Questions Did You Ask Today?

Our questions drive us as learners. Instead of asking your child, "Did you learn anything today?" you could say, "Did you ask a good question today?" This will encourage your child to be more invested in the types of questions they ask at school.

## 5. Focus on the Learning Over the Work

Learning is the goal of a project. Take a moment to ask your child what the purpose of each project is, what do they think the teacher wants them to learn and get better at as a result. Then monitor the learning, not the work.

## 6. Support Your Child in Arguing Effectively and Persuasively

Research has shown that children who argue constructively with their parents by building a case and providing evidence for their position are more enabled to speak up, voice an opinion, and use evidence in other facets of life.

## **7. Provide Time to Pursue Passions**

Students need time and space to pursue their passions and interests. Pay attention to your child's learning and passions outside of school and make time for them.

## **8. Make Your Own Thinking Visible**

You are a model for your child of what it means to be a thinker and a learner. Model your own interests, passions, curiosity, reflection, learning, and thinking for your child.

## **9. What Makes You Say That?**

By simply asking, "What makes you say that?" in a curious and non-judgmental tone after someone has given a response, we are able to get a window into the thinking behind that person's initial response.

### **Welcome Mrs Edwards**

Next term we will welcome our newly appointed Assistant Principal Mrs Donna Edwards. She will teach STEM Years 3- 6 for Term 4 and supervise the Stage 1 team. We look forward to welcoming her to Thornleigh West Public School. Her skills and leadership will be an asset.

### **Tell Them from Me Survey**

Please take the time to complete the Tell Them from Me Survey. It is an anonymous survey that will provide the school with effective feedback. It will close this Friday.

## Selective High School 2020

Selective high schools cater for high achieving academically gifted students who may otherwise be without sufficient classmates at their own academic and social level. These schools help gifted and talented students to learn by grouping them with other gifted and talented students, teaching them in specialised ways and providing educational materials at the appropriate level.

Applications for selective high school placement are considered mainly on the basis of the Selective High School Placement Test results and school assessment scores. The Selective High School Placement Test will be held on Thursday 14 March 2019.

If you would like to have your child considered for Year 7 selective high school entry in 2020, you need to apply on the internet using a valid email address (not the student's email address).

Detailed instructions on how to apply online will be available from mid-September 2018 at <https://education.nsw.gov.au/public-schools/selective-high-schools-and-opportunity-classes/year-7>. The application website opens at that link on 9 October 2018 and closes on 12 November 2018. You must apply before the closing date.

There are no paper application forms. If you do not have internet access, you could apply at a public library. If you have a disability that prevents you from using a computer, you can contact the Unit for assistance after 9 October 2018. **You must submit only ONE application for each student.**

Wishing everyone a fantastic holiday! Students return Monday 15 October.

# Deputy's Message

## World Teachers' Day

October 5 is International World Teachers Day, although in Australia this falls in the holidays, we will think of the amazing teachers we had throughout our school journey, and acknowledge the commitment and passion for learning that our teachers at Thornleigh West have. We will celebrate this day on Thursday 18 October. It is a privilege to work alongside such caring, knowledgeable and ever learning colleagues, and to also include here the many parents and family in our community who also teach and share in the learning journey of students at other schools, I wish you all a Happy World Teachers' Day!
