Science Technology Engineering and Mathematics (STEM) Term 4

Dear Parents and Caregivers,

Year 2 will be involved in a STEM project in Term 4. This is an exciting opportunity to learn more about robotics.

Student will develop:

- procedural logical thinking
- the ability to cope with malfunctions
- mathematical thinking
- programming skills
- motor skills
- creative thinking
- engineering processes analytic skills
- Strengthens social aptitude, self-confidence and a sense of capability

There will be three teachers in the classroom for eight sessions of 80 minutes. All equipment is provided. The cost of this learning is \$80 and will be included in your Term 4 invoice. Please sign the permission slip below and return it to your child's classroom teacher by 22 October 2018.

Kind Regards

Chantal Mamo
Principal

Year 2 STEM Project

Please return to class teacher by 22 October 2018

I give permission for my child to be involved in the STEM learning. I understand that \$80 will appear on my Term 4 invoice.
